The night of Saturday, September 11, 1971, in Valle de Bravo, a two-hour drive from Mexico City, stands as the most triumphant night in the entire history of Mexican rock music. On that night, several major rock groups in Mexico City performed at an outdoor festival in front of an audience of over 250,000 people. It was an event, which will forever be known by the name of the resort at which it was held... AVANDARO.

La fecha de 9/11 quedo escrita en una pagina de música y libertad para la sociedad mexicana... después fue un avion bombardeando El Palacio de la Moneda el 11 de septiembre de 1973 y aquellos sueños de **peace and love** se irían convirtiendo en la pesadilla de las Torres Gemelas, en New York.

Convergencias numerológicas que invitan a pensar.
